

Sustainable Hill Country Works Plan

Maintenance and improvement of partial and existing tree cover only.

About this Form

This form is only to be used for properties where all areas of 3A land on the property have effective tree cover already established. Tree cover can be in the form of plantation forestry, indigenous reversion or established conservation tree species.

Please contact our Soil Conservation team if you require clarification on whether your property meets the criteria for established effective tree cover or if you need help to fill in this form.
